---

## SUMMARY

An undergraduate student studying electronic engineering, driven by the curiosity of how things work, and the development of innovative techniques, whose values spans dedication, determination, discipline and hard work.

## EDUCATION

**University of Nigeria, Nsukka**

*Bachelor of Engineering: Department of Electronic Engineering*

Sept 2019 - Present

CGPA: 5.0/5.0

## DESIGN PROJECTS

### URL Shortener

*HTML | CSS | JavaScript*

- Designed the Shortener to receive longer links as inputs and give shorter links as the output
- Implemented the use of APIs
- Go to Link: [michelle031.github.io/url-shortener-project](https://michelle031.github.io/url-shortener-project)

### TODO List App

*React JS*

- Developed a friendly interface for users
- Incorporated the light and dark mode displays
- Go to Link: [michelle031.github.io/todolist-react](https://michelle031.github.io/todolist-react)

Check [michelleanne-portofolio.web.app](https://michelleanne-portofolio.web.app) more projects.

## RELATED COURSEWORK

Thermodynamics I

Materials Science

Fluid Mechanics

Strength of Materials

Engineering Computer Programming

## SKILLS

*Soft Skills:* Flexibility, Problem Solving, Active Listening, Time Management

*Technical Skills:* HTML/CSS, JavaScript, ReactJS, Math, NextJS, TypeScript *Language:* Basic Chinese

## ACTIVITIES/ASSOCIATIONS

**Society of Petroleum Engineers (SPE) UNN Chapter**, *Member of the PetroQuiz Team* Jan 2022 - Present

- Participated in the training and development program for intending representatives of the PetroQuiz

## INTERESTS AND HOBBIES

Guitar playing, Foreign Languages, Singing, Web development

## REFERENCES - Available on Request
