MBA ANGEL

Enugu State, Nigeria | +234 705 711 2802 | mbaangel031@gmail.com |https://michelleanne-portofolio.web.app

SUMMARY

She honestly learnt the fundamentals of front end web development during pandemic because she needed a hobby. But it fascinated her how she could bring my ideas and design to life so easily with code and as such she has become passionate and dedicated towards it. It has become more than a hobby to her and overtime she has learnt more technologies and have strengthened my skills with personal projects. Some of her values include teamwork, knowledge sharing, discipline, determination, hard work and balance.

SKILLS

Soft Skills: Flexibility, Problem Solving, Active Listening, Time Management
Technical Skills: HTML/CSS, JavaScript, ReactJS, NextJS, TypeScript, Version Control   *Language*: English

PROJECTS

URL Shortener

HTML | CSS | JavaScript

- Designed to receive longer links as inputs and give shorter links as the output
